

June 2018

### ***Valkyrie Enterprises Awarded Contract in Support of SEA 21***

**Virginia Beach, VA, June 2018** – Valkyrie Enterprises, LLC, a leading maritime engineering and sustainment provider, has been awarded a contract to support the Commander, Navy Regional Maintenance Center (CNRMC), Regional Maintenance Centers (RMCs), and Surface Team One (ST1). The contract is valued at \$41.8 million.

Valkyrie and its teaming partners will provide Fleet Readiness support to CNRMC, RMCs, and ST1. This includes Program Management, Contracts Governance and Policy, as well as support in the areas of Budget/Finance; Administration; Operations, Port Workload, Port Rates and Metrics Analysis; Logistics; and Information Technology.

CNRMC is an Echelon III command (field activity) under Naval Sea Systems Command (NAVSEA) with a mission to deliver quality, cost-effective material readiness support to U.S. Naval forces worldwide. ST1 is a cross-organizational team led by SEA 21 that defines, champions, and improves processes to address the challenges of meeting expected ship service life and readiness.

Valkyrie and its teaming partners will perform the work in Norfolk, VA, Washington, D.C., San Diego, CA, and various United States (U.S.) Navy bases and ports worldwide.

Gary Lisota, Valkyrie Enterprise's Chief Executive Officer and President said, "This contract award expands our long-standing relationship with CNRMC. We are extremely proud to be supporting CNRMC, RMCs, and ST1 providing improved capability and readiness to the Warfighter, wherever they are operating."
